Hellinger® membership + Hellinger® Field

Hellinger® membership means:

To be a part of a strong worldwide bond. Bert and Sophie Hellinger connect these friends of Family Constellation within a different and wide field.

The question of all questions in life is: "May I or may I not belong?"

This is the most fundamental question ever:

On this depend our health, our success and our life to the greatest extent.

The effects of group fields are still generally underestimated. Yet they affect areas, whose significance and effects cannot be overseen from our point of view. One example: As long as I do not belong to a new field, I **cannot leave** the former field.

Relationships in the field and belonging to the field can, until now, be only imagined partially in their complete depth. Each one experiences them in the flesh and in life. Yet they can hardly be explained and can only be changed when the right key has been found.

In a time of worldwide turbulences and great changes it has become more important than ever to jointly assume a healthy posture. We shall brace ourselves for the demands of this new time.

Hellinger® membership + Hellinger® Field mean:

- ❖ **Transmission and reception: strengthening the interior and the exterior**
- ❖ **Caring for the seed of transformation - until a mighty tree has grown out of it**
- ❖ **Worldwide participation of the Hellinger® membership Meeting during active membership**
- ❖ **Our members are constantly updated through newsletters on the latest developments**
- ❖ **Weekly joint worldwide meditation**
